Director's Report to the Members

The Directors of your Company are pleased to present the 66th Annual Report together with Audited Accounts and Auditor's Report thereon for the Financial Year ended 30 September 2019.

INDUSTRY OVERVIEW

The sugarcane crop size during the period under review was approximately 25% less and yield per acre being reported by the growers was also considerably lower. However, sucrose contents were better than last crushing season. Cumulatively the Company's sugar production came down in line with country's sugar production as compared to the last year.

For current crushing season 2018-19, notified support price of sugarcane in Punjab was Rs. 180/- per 40 kg., the Federal Government allowed sugar export of 1.1 million tons and an export subsidy of Rs. 5.35/- per kg was also approved by the Punjab Government for a quantity proportionate to previous provincial share in exports (about 52%).

PERFORMANCE OF THE COMPANY

During the year ended 30 September 2019, the Company was able to crush 2,006,892 M. Tons sugarcane and produced 204,406 M. Tons white refined sugar at an average recovery of 10.190%. During the same period last year, the Company crushed 2,697,755 M. Tons sugarcane and produced 260,788 M. Tons white refined sugar at an average recovery of 9.672%. The decline in company's sugar production is in tandem with the overall reduction of sugar production in the country.

FINANCIAL HIGHLIGHTS

For the year ended 30 September 2019, the Company earned pretax Profit of Rs. 542.575 million and after-tax profit of Rs. 342.299 million as compared to pretax loss of Rs. (153.140) million and after-tax loss of Rs. (160.451) million over the same period last year . The increase in profitability mainly attributed towards better sugar prices in the local market and considerably improved prices of molasses on account of significantly lower molasses production due to reduced crushing and less stale cane. Co-generation power plant have also significantly contributed in achieving better financial results. Earnings per share for the year ended 30 September 2019 are reported at Rs. 22.78 as compared to the per share loss of Rs. (10.68) for the corresponding period last year.

Net sales were recorded at Rs. 14,359.613 million during the year ended 30 September 2019, as compared to Rs. 14,104.443 million in last year. Given decrease in sales volumes, marginal increase in sales revenue is attributed to increase in average selling prices.

All out efforts are being made to increase the production and profitability of the Company by enhancing process efficiency, installing modern and latest technology equipment, reducing production cost due to close supervision, developing good quality cane via providing the latest improved seed varieties, fertilizer, pesticides etc. and facilitating the cane growers constantly which not only will result in higher sugar recovery but also provide financial benefit to the cane growers.

ڈائریکٹرز کی ممبران کو رپورٹ

کمپنی کے ڈائریکٹرز 30 ستمبر 2019 کو ختم ہونے والے مالی سال کے لئے 66ویں سالانہ رپورٹ معہ نظر ثانی شدہ حسابات اور اس پر آڈیٹرز کی رپورٹ بخوشی پیش کر رہے ہیں۔

صنعت کا مجموعی جائزہ

زیر جائزہ مدت کے دوران فصل کا سائز تقریباً 25% کم تھا اور کاشتکاروں کی طرف سے بیان کی گئی فی ایکڑ پیداوار بھی قابل ذکر کم تھی۔ تاہم، سکروس کے اجزاء گزشتہ کرشنگ سیزن سے بہتر تھے۔ ان عناصر کے مدنظر کمپنی کو اپنے موجودہ سال کی پیداوار میں کمی ہوئی ہے۔ جس سے ملک میں مجموعی طور پر چینی کی پیداوار میں متوقع کمی ہوئی ہے۔

حالیہ کرشنگ سیزن 19-2018 کیلئے گنے کی کم سے کم قیمت خرید حکومت پنجاب کی طرف سے -/180 روپے فی من برقرار رکھی گئی۔ دسمبر 2018 میں، وفاقی حکومت نے 1.1 ملین ٹن چینی برآمد کرنے کی اجازت دی اور برآمدات میں گزشتہ صوبائی حصہ کی تناسبی مقدار (تقریباً 52%) کے لئے حکومت پنجاب نے -/5.35 روپے فی کلوگرام کی برآمدی سبسڈی کی بھی منظوری دی گئی تھی۔

کمپنی کی کارکردگی

30 ستمبر 2019 کو ختم ہونے والے سال کے دوران، کمپنی نے 2,006,892 میٹرک ٹن گنے کی کرشنگ کی اور 10.192 فیصد اوسط ریکوری کے ساتھ 204,406 میٹرک ٹن سفید ریفائنڈ چینی بنائی۔ جبکہ اس کے مقابلے میں گذشتہ سال 2,697,755 میٹرک ٹن گنے کی کرشنگ کی اور 9.672 فیصد اوسط ریکوری کے ساتھ 260,788 میٹرک ٹن سفید ریفائنڈ چینی بنائی۔ کمپنی کی شوگر پیداوار میں کمی ملک میں شوگر پیداوار کی مجموعی کمی کے ساتھ منسوب ہے۔

مالی جھلکیاں

30 ستمبر 2019 کو ختم ہونے والے سال کے لئے، کمپنی نے قبل از ٹیکس منافع 542.575 ملین روپے اور بعد از ٹیکس منافع 342.299 ملین روپے کمایا جبکہ گزشتہ سال قبل از ٹیکس نقصان (153.140) ملین روپے اور بعد از ٹیکس نقصان (160.451) ملین روپے حاصل کیا۔ منافع میں اضافہ بنیادی طور پر مقامی مارکیٹ میں چینی کی بہتر قیمتوں کی وجہ سے ہوا ہے اور گنے کی کرشنگ اور کم راسی ہونے کے باعث مولاسس کی نمایاں کم پیداوار کی وجہ سے مولاسس کی قیمتوں میں قابل ذکر بہتری آئی ہے۔ کوجنریشن پاور پلانٹ نے بھی بہتر مالی نتائج حاصل کرنے میں نمایاں حصہ شامل کیا ہے۔ 30 ستمبر 2019 کو ختم ہونے والے سال کیلئے فی شیئر آمدنی 22.78 روپے درج کی گئی جبکہ گزشتہ سال کی اسی مدت کے لئے فی شیئر نقصان (10.68) روپے تھا۔

30 ستمبر 2019 کو ختم ہونے والے سال کے دوران خالص فروخت 14,359.613 ملین روپے درج کی گئی جبکہ گزشتہ سال کی اسی مدت میں 14,104.443 ملین روپے تھی۔ فروخت حجم میں دی گئی کمی، فروخت آمدنی میں مارجنل اضافہ اوسط فروختی قیمتوں میں اضافہ کی وجہ سے ہوا۔

تمام تر کوششیں گنے کے کاشتکاروں کو مسلسل جدید بہتر بیج کی اقسام، کھادیں، کیڑے مار ادویات اور باہم سہولیات پہنچا کر عمل کارکردگی بہتر بنانے، جدت طرازی، جدید ترین ٹیکنالوجی آلات نصب، کڑی نگرانی سے پیداواری اخراجات کو کم کر کے گنے کے معیار کو بہتر بنانے کے ذریعے کمپنی کی پیداوار اور منافع کو بڑھانے کے لئے کی جا رہی ہیں جس کے نتیجہ میں نہ صرف چینی کی ریکوری زیادہ بلکہ گنے کے کاشتکاروں کو مالی فوائد بھی حاصل ہوں گے۔

30 ستمبر 2019 کو ختم ہونے والے مالی سال کے لئے بورڈ نے 15% یعنی 1.50 روپے فی شیئر (Nil:2018) نقد منافع تقسیم کرنے کی سفارش کی ہے۔

تحقیق و ترقی

زرعی تحقیق و ترقی کمپنی کی پالیسی کا ایک لازمی حصہ ہے جس میں بہترین زرعی طریقوں کے ساتھ ترقی پسند کاشتکاروں کے ذریعے گنے کی مختلف اور نئی اقسام کی شناخت اور اس کے بعد تجارتی پیمانے پر ان کی کاشت شامل ہے۔ یہ نہ صرف گنے کی فی ایکڑ پیداوار بڑھاتی ہے بلکہ کاشتکاروں کی آمدنی میں اضافہ اور مسابقتی فصلوں کے مقابلے میں گنے کی بوائی کے لئے زیادہ شوق پیدا کرتی ہے۔ یہ کمپنی کو گنے کی سپلائی، مجموعی طور پر شوگر کی ریکوری کو بڑھاتی ہے اور براہ راست کمپنی کے منافع کو بہتر بناتی ہے۔

گزشتہ سالوں کی طرح، انتظامیہ نے خزاں 2019 کی بوائی کے لئے سود کے بغیر قرض کی بنیاد پر گنے کے کاشتکاروں کو کھاد اور کیڑے مار ادویات کے ساتھ ساتھ اعلیٰ پیداوار اور بیماری کے خلاف مزاحمت کے حامل گنے کے بیج کی نئی بہتر اقسام فراہم کرنے کے ساتھ ساتھ ان کے کھیتوں میں ہی حیاتیاتی تجربہ گاہوں کی مدد سے بروقت مفت خدمات دینے کا فیصلہ کیا ہے تاکہ اگلے کرشنگ سیزن کے لئے گنے کے حصول میں دشواری نہ ہو۔

مستقبل کا نقطہ نظر

سروے سے یہ بات واضح ہے کہ سال 2019-20 کے دوران گنے کی فصل اور فی ایکڑ پیداوار 19-2018 کے مقابلہ میں کم ہوگی۔ اس سے آس پاس کے علاقے کی شوگر ملوں کے مابین گنے کی خریداری پر قیمتوں میں جنگ شروع ہوسکتی ہے۔ پچھلے سال کے مقابلہ میں 20-2019 سیزن کے لئے شوگر اسٹاک کا کیری اوور بہت کم ہے، توقع کی جارہی ہے کہ چینی کی قیمتیں

2019-20 میں موجودہ سطح کے یکساں یا بہتر رہیں گی۔ مولاسس اور بیگاس کی قیمتیں 2019-20 میں بھی روپے کی قدر میں کمی اور مولاسس کی متوقع پیداوار یکساں یا کم رہنے کی وجہ سے جزوی طور پر زیادہ ہونے کی توقع ہے۔

مجموعی طور پر، ملک ایک سخت معاشی حالات سے گذر رہا ہے اور گذشتہ سال کے مقابلہ میں کائبر (KIBOR) کی شرحوں میں لگ بھگ دوگنی سطح تک اضافہ ہوا ہے، خاص طور پر چینی جیسی سینزل صنعتوں پر تناؤ بڑھ رہا ہے، جو اپنی آمدنی اور لاگت کے درمیان خلاء کو پُر کرنے کے لئے بھاری مالیاتی قرضوں پر انحصار کرتی ہیں۔ تاہم، بین الاقوامی منڈیوں میں چینی کی انتہائی دباؤ کے باوجود کرنسی کی قدر میں کمی کی وجہ سے پاکستان کی چینی کی صنعت عالمی سطح پر مسابقتی ہے۔

لہذا، امید ہے کہ وفاقی اور صوبائی حکومتیں گنے کی کم سے کم قیمت کے تعین اور چینی کی برآمد کی اجازت جیسی پالیسی پر فیصلے کرتے ہوئے معاشی مسائل کو دھیان میں رکھیں گے۔ گنے سے متعلق تمام اسٹیک ہولڈرز تبھی خوشحال ہو سکتے ہیں جب صنعت کی برآمدی مسابقت پر سمجھوتہ کئے بغیر تمام اسٹیک ہولڈرز کو مناسب مارجن کی اجازت دی جائے۔

Independent Auditor's Report

To the members of The Thal Industries Corporation Limited

Review Report on the Statement of Compliance contained in Listed Companies (Code of Corporate Governance) Regulations, 2017

We have reviewed the enclosed Statement of Compliance with the Listed Companies (Code of Corporate Governance) Regulations, 2017 (the Regulations) prepared by the Board of Directors of The Thal Industries Corporation Limited for the year ended 30 September 2019 in accordance with the requirements of regulation 40 of the Regulations.

The responsibility for compliance with the Regulations is that of the Board of Directors of the Company. Our responsibility is to review whether the Statement of Compliance reflects the status of the Company's compliance with the provisions of the Regulations and report if it does not and to highlight any non-compliance with the requirements of the Regulations. A review is limited primarily to inquiries of the Company's personnel and review of various documents prepared by the Company to comply with the Regulations.

As a part of our audit of the financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Directors' statement on internal control covers all risks and controls or to form an opinion on the effectiveness of such internal controls, the Company's corporate governance procedures and risks.

The Regulations require the Company to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval, its related party transactions and also ensure compliance with the requirements of section 208 of the Companies Act, 2017. We are only required and have ensured compliance of this requirement to the extent of the approval of the related party transactions by the Board of Directors upon recommendation of the Audit Committee. We have not carried out procedures to assess and determine the Company's process for identification of related parties and that whether the related party transactions were undertaken at arm's length price or not.

Based on our review, nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the Company's compliance, in all material respects, with the requirements contained in the Regulations as applicable to the Company for the year ended 30 September 2019.

Independent Auditor's Report

To the members of The Thal Industries Corporation Limited

Report on the Audit of the Financial Statements

Opinion

We have audited the annexed financial statements of **The Thal Industries Corporation Limited (the Company)**, which comprise the statement of financial position as at **30 September 2019**, and the statement of profit or loss, the statement of comprehensive income, the statement of changes in equity, the statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information, and we state that we have obtained all the information and explanations which, to the best of our knowledge and belief, were necessary for the purposes of the audit.

In our opinion and to the best of our information and according to the explanations given to us, the statement of financial position, the statement of profit or loss, the statement of comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes forming part thereof conform with the accounting and reporting standards as applicable in Pakistan and give the information required by the Companies Act, 2017 (XIX of 2017), in the manner so required and respectively give a true and fair view of the state of the Company's affairs as at 30 September 2019 and of the profit and comprehensive income, the changes in equity and its cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as applicable in Pakistan. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants as adopted by the Institute of Chartered Accountants of Pakistan (the Code) and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

FollowingaretheKeyauditmatters:

Sr.No	Keyauditmatters	Howthematterwasaddressedinouraudit
1.	***Adoption of Instruments"*** Refer notes 2.18, 20 and 37 to the financial Statements. IFRS 9 'Financial Instruments' is effective for the Company for the first time during the current year and replaces the financial instruments standard IAS 39 'Financial Instruments:RecognitionandMeasurement'. In relation to financial assets, IFRS 9 requires the recognition of expected credit losses ('ECL') rather than incurred credit losses underIAS39andisthereforeafundamentally different approach. Management is required to determine the expected credit loss that mayoccurovereithera12-monthperiodor theremaininglifeofanasset,dependingon the categorization of the individual asset. InaccordancewithIFRS9,themeasurement of ECL reflect a range of unbiased and probability weighted outcomes, time value of money, reasonable and supportable information based on the consideration of historical events, current conditions and forecastsoffutureeconomicconditions.The calculation of ECLs in accordance with IFRS 9isthereforecomplexandinvolvesanumber ofjudgmentalassumptions Weconsideredthisaskeyauditmatterdue to the significant amounts involved and significant judgments made by management regardingthematter.	***of*** Our audit procedure, amongst others, included thefollowing: • Considered the management's process to assesstheimpactofadoptionofIFRS9on the Company's financial statements. • Reviewed the appropriateness of the assumptions used (future and historical), the methodology and policies applied to assess the ECL in respect of financial assets of the Company. Reviewed the working of management for expected creditlosses. • We reviewed and assessed the impact and disclosures made in the financial statements with regard to the effect of adoptionofIFRS9.

2.	***Capitalization*** ***of*** ***equipment*** Refer notes 2.9 and 15 to the financial Statements. The Company has incurred significant capital expenditure of Rs. 250.10 million during the year on expansion of Manufacturing facilities. We identified capitalization of property, plant and equipment as a key audit matter because there is a risk that amounts being capitalized may not meet the capitalization criteria with related implications on capitalization of borrowing costs and Depreciation charge for the year.	Our audit procedures, amongst others, included the following • Obtained understanding of the design and implementation of management controls over capitalization and performing tests of control over authorization of capital expenditure and ensured accuracy of its recording in the system; • testing, on sample basis, the costs incurred on projects with supporting documentation and contracts; • assessing the nature of costs incurred for the capital projects through testing, on sample basis, of amounts recorded and considering whether the expenditure meets the criteria for capitalization as per the applicable accounting standards; Conducted visit to the sites to which significant capital expenditure relates to verify existence of manufacturing facilities expansion;
3	***Valuation*** ***of*** Refer notes 2.15 and 19 to the financial statements. The stock-in trade at 30 September 2019 amounted to Rs. 1,542.4 million. Given the relative size of the stock in trade with respect to the total assets, it was identified as key audit matter as it involves significant management judgment in determining the carrying value of stock in trade.	Our audit procedures, amongst others, included the following: • assessing the appropriateness of Company's accounting policy for valuation of stock in trade and compliance of the policy with applicable standards; • obtaining an understanding of internal controls over valuation of stock in trade and testing, on a sample basis, their design, implementation and operating effectiveness; • obtaining an understanding and assessing reasonableness of the management's determination of net realizable value (NRV) and the key estimates adopted, including future selling prices, and costs necessary to make the sales and their basis • testing on sample basis the net realizable value of finished goods to recent selling prices and; • comparing the NRV, to the cost of stock in trade to assess whether any adjustments are required to the value of stock in trade in accordance with the accounting policy.

Information Other than the Financial Statements and Auditors' Report Thereon

Management is responsible for the other information. The other information comprises the information included in the annual report, but does not include the financial statements and our auditors' report thereon. Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Board of Directors for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the accounting and reporting standards as applicable in Pakistan and the requirements of Companies Act, 2017 (XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Board of directors are responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the board of directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the board of directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

Based on our audit, we further report that in our opinion:

a) proper books of account have been kept by the Company as required by the Companies Act, 2017 (XIX of 2017);

b) the statement of financial position, the statement of profit or loss ,the statement of comprehensive income, the statement of changes in equity and the statement of cash flows together with the notes thereon have been drawn up in conformity with the Companies Act, 2017 (XIX of 2017) and are in agreement with the books of account and returns;

c) investments made, expenditure incurred and guarantees extended during the year were for the purpose of the Company's business; and

d) in our opinion, Zakat deductible at source under the Zakat and Ushr Ordinance, 1980 (XVIII of 1980), was deducted by the Company and deposited in Central Zakat Fund established under section 7 of that Ordinance.

The engagement partner on the audit resulting in this independent auditors' report is Mr Rashid Rahman Mir.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

2.1 Statement of compliance

These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRSs) issued by the International Accounting Standards Board (IASB) as notified under the Companies Act, 2017; and

- Provisions of and directives issued under the Companies Act, 2017.

Where provisions of and directives issued under the Companies Act, 2017 differ from the IFRSs, the provisions of and directives issued under the Companies Act, 2017 have been followed.

2.2 Initial Application of a Standard, Amendment or an Interpretation to an Existing Standard and Forthcoming Requirements

a) Standards and interpretations that became effective and are relevant to the Company:

IFRS 15 'Revenue from Contracts with Customers' is effective for accounting period beginning on or after July 1, 2018. This standard has replaced IAS 18 Revenue and related interpretations and it applies to all revenue arising from contracts with customers.

The IFRS 15 establish a five-steps model to account for revenue arising from contracts with customers. Under IFRS 15, revenue is recognized at an amount that reflects the consideration to which an entity expects to be entitled in exchange for transferring goods to a customer. The standard requires the entities to exercise judgment, taking in to consideration all of

the relevant facts and circumstances when applying each step of the model to contracts with the customers. Hence, The Company has concluded that revenue from sale of goods should be recognised at the point in time when control of the goods is transferred to the customer, generally on delivery of the goods. Therefore, the adoption of IFRS 15 did not have an impact on the timing of revenue recognition and the amount of revenue recognised.

There is no material impact of transition to IFRS 15 on the financial position of the Company and there is no effect on the accounting policies of the Company in respect of revenue from contracts with Customers.

IFRS 9: Financial Instruments

IFRS 9 replaced the provisions of IAS 39 'Financial Instruments: Recognition and Measurement' that relates to the recognition, classification and measurement of financial assets and financial liabilities, derecognition of financial instruments, impairment of financial assets and hedge accounting. Changes in accounting policies resulting from adoption of IFRS 9 have been applied retrospectively. The details of new significant accounting policies adopted and the nature and effect of the changes to previous accounting policies are set out below:

A **Classification and measurement of financial assets and financial liabilities**

IFRS 9 largely retains the existing requirements in IAS 39 for the classification and measurement of financial liabilities. However, it eliminates the previous IAS 39 categories for financial assets of held to maturity, loans and receivables, held for trading and available for sale.

IFRS 9, classifies financial assets in the following three categories:

- fair value through other comprehensive income (FVOCI);

- fair value through profit or loss (FVTPL); and

- measured at amortized cost.

The following assessments have been made on the basis of the facts and circumstances that existed at the date of initial application:

a) The determination of business model within which a financial asset is held; and

b) The designation and revocation of previous designation of certain financial assets as measured at FVTPL.

A financial asset is measured at amortized cost if it meets both of the following conditions and is not designated as at fair value through profit or loss:

a) it is held within business model whose objective is to hold assets to collect contractual cash flows; and

b) its contractual terms give rise on specified dates to cash flows that are solely Payments of principal and interest on principal amount outstanding.

A debt investment is measured at FVOCI if it meets both of the following conditions and is not designated as at FVTPL:

a) It is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and

b) its contractual terms give rise on specified dates to cash flows that are solely Payments ofprincipalandinterestonTheprincipalamountoutstanding.

Forassetsmeasuredatfairvalue,gainsandlosseswilleitherberecordedinthestatementof profit or loss account or other comprehensive income. For investments in equity instruments that are not held for trading, this will depend on whether the Company has made an irrevocableelectionatthetimeofinitialrecognitiontoaccountfortheequityinvestmentat FVOCI.

All financial assets not classified as measured at amortized cost or FVOCI as described above are measured at FVTPL. On initial recognition, the Company may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortized cost or at FVOCI as at FVTPL if doing so eliminates or significantly reduces an accounting mismatch thatwouldotherwisearise.

A financial asset is initially measured at fair value plus, for an item not at FVTPL, transaction coststhataredirectlyattributabletoitsacquisition.

The adoption of IFRS 9 did not have a significant effect on the Company's accounting policies related to financial liabilities.

The accounting policies that apply to financial instruments are stated in note 2.18 to the financial statements.

B **Impairment of financial assets**

IFRS 9 replaces the 'incurred loss' model in IAS 39 with an 'expected credit loss' (ECL) model.IFRS9introducesaforwardlookingexpectedcreditlossesmodel,ratherthanthe current incurred loss model, when assessing the impairment of financial assets in the scope of IFRS 9. The new impairment model applies to financial assets measured at amortized cost, contract assets and debt investments at FVOCI, but not to investments in equity instruments.

The Company applies the IFRS 9 simplified approach to measuring expected credit losses which uses a lifetime expected loss allowance for all trade and other receivables. Impairment losses related to trade and other receivables, are presented separately in the statement of profit or loss. Trade and other receivables are written off when there is no reasonable expectation of recovery. Management used actual credit loss experience over past years to base the calculation of ECL on adoption of IFRS 9. Given the Company's experience of collection history and no historical loss rates / bad debts and normal receivable aging, the move from an incurred loss model to an expected loss model has not had an impact on the financial position and / or financial performance of the Company.

C. **Transition**

The Company has used the exemption not to restate comparative periods and any adjustments on adoption of IFRS 9 are to be recognized in statement of changes in equity as on July 1, 2018. However, the adoption of IFRS 9 did not have any impact on opening retained earnings as on July 1, 2018. Accordingly, the comparative information is presented as per the requirements of IAS 39.

b) Standards and interpretations that became effective but not relevant to the Company:

The following standards (revised or amended) and interpretations became effective for the current financial year but are either not relevant or do not have any material effect on the financial statements of the company other than increased disclosures in certain cases:

- IFRS 2 - Share Based Payments - (Amendmetns to clarify the classification and measurements)

-Usefullifeofdepreciableassets	(note2.9&15.1)

2.5 Staff retirement benefits

The Company operates an unfunded gratuity scheme (defined benefit plan) covering all permanent employees of the Company who have completed minimum qualifying period. Provisions are made annually to cover the obligation and charged to income currently, basedonactuarialvaluationbyusingtheprojectedunitcreditmethod.Actuarialgainsand lossesarerecognisedimmediatelyinothercomprehensiveincomeandpastservicecostis recognized immediately to the profit and loss account. Interest cost and expected return on planassetswithanetinterestamountthatiscalculatedbyapplyingthediscountratetothe net defined benefit liability / asset is also directly charged to profit and loss account.

2.6 Provisions

Provisions are recognized in the statement of financial position when the Company has legal or constructive obligation as a result of past event, and it is probable that outflow of economic benefits will be required to settle the obligation. However, provisions are reviewed at each statement of financial position date and adjusted to reflect current best estimate.

2.7 Taxation

Current

Provision for current taxation is calculated in the manner prescribed by the current tax pronouncementsaftertakingintoconsiderationtaxrebates,taxcreditsorotheradjustments available,ifany.

Deferred

Deferred tax is provided using the liability method, providing for temporary differences between the carrying amount of assets and liabilities for financial reporting purposes and the amount used for taxation purposes. The amount of deferred tax provided is based on the expected manner of realization or settlement of the carrying amount of assets and liabilities, using the current rate of taxation. Deferred tax liabilities are recognized for all taxable temporary differences and deferred tax assets are recognized only to the extent that it is probable that future taxable profits will be available against which the assets can be utilized. Deferred tax is charged and credited to income except in the case of items credited orchargedtoequityinwhichcaseitisincludedinequity.

2.8 Foreigncurrencytransactions

Assets and liabilities in foreign currencies are translated into Pak Rupees at the rates of exchange prevailing at the statement of financial position date, except those covered under forward exchange contracts which are stated at contracted rate. Foreign currency transactions are translated into Pak Rupees at the rates prevailing at the date of transaction except for those covered by forward contracts, which are translated at contracted rates. All exchange differences are included in profit or loss account currently.

2.9 Property,plant&equipmentanddepreciation

Operating fixed assets except freehold land are stated at cost less accumulated depreciation and impairment losses, if any. Freehold land is stated at cost.

Depreciation is charged by applying the reducing balance method over its estimated useful life at the rates specified in note 15.1

Depreciation is charged on additions during the year from the month in which property, plant and equipment become available for use while no depreciation is charged from the month of deletion/disposal.

The useful life and depreciation method are reviewed to ensure that the methods and period of depreciation charged during the year are consistent with the expected pattern of economic benefits from items of operating fixed assets. Appropriate adjustments are made if the impact of depreciation is significant.

Normal repairs are charged to income as and when incurred. Major renewals and improvements are capitalized and assets so replaced, if any, are retired.

Gains and losses on disposal of property, plant and equipment are taken to profit or loss account.

2.10 Capitalworkinprogress

Capital work in progress is stated at cost and represents expenditure incurred on fixed assets during the construction and installation. Costs may also include borrowing costs as stated in accounting policy for borrowing costs. Transfers are made to relevant property, plant and equipment category as and when assets are available for use.

2.11 IntangibleAssets

Intangible assets acquired by the Company are stated at cost less accumulated amortization and impairment losses, if any. Subsequent expenditure on capitalized intangible assets is capitalized only when it increases the future economic benefits embodied in the specific assets to which it relates. All other expenditure is expensed as incurred.

Amortization is charged to profit or loss account on a straight line basis over the estimated useful lives of intangible assets unless such lives are indefinite. Amortization on additions to intangible assets is charged from month in which an item is acquired or capitalized while no amortization is charged for the month in which the item is disposed off.

2.18 FinancialInstruments

i) Financialassets

The Company classifies its financial assets in the following categories: at fair value through profit or loss, fair value through other comprehensive income and amortized cost. The classification depends on the purpose for which the financial assets were acquired. Management determines the classification of its financial assets at initial recognition. All the financial assets of the Company as at statement of financial position date are carried at amortized cost.

AmortizedCost

A financial asset is measured at amortized cost if it meets both the following conditions and isnotdesignatedasatfairvaluethroughproftorloss:

a) itisheldwithinabusinessmodelwhoseobjectiveistoholdassetstocollectcontractual cash flows; and

b) its contractual terms give rise on specified dates to cash flows that are solely payments of principalandinterestontheprincipalamountoutstanding.

Impairment

The Company recognizes loss allowance for Expected Credit Losses (ECLs) on financial assets measured at amortized cost and contract assets. The Company measures loss allowance at an amount equal to lifetime ECLs.

Lifetime ECLs are those that result from all possible default events over the expected life of a financial instrument. The maximum period considered when estimating ECLs is the maximumcontractualperiodoverwhichtheCompanyisexposedtocreditrisk.

At each reporting date, the Company assesses whether the financial assets carried at amortized cost are credit-impaired. A financial asset is credit-impaired when one or more events that have detrimental impact on the estimated future cash flows of the financial assetshaveoccurred.

Loss allowances for financial assets measured at amortized cost are deducted from the gross carrying amount of the assets. The gross carrying amount of a financial asset is written off when the Company has no reasonable expectations of recovering a financial asset in its entiretyoraportionthereof.

ii) Financialliabilities

All financial liabilities are recognized at the time when the Company becomes a party to the contractualprovisionsoftheinstrument.

Recognitionandmeasurement

All financial assets and liabilities are initially measured at cost, which is the fair value of the consideration given and received respectively. These financial assets and liabilities are subsequently measured at fair value, amortized cost or cost, as the case may be. The particularmeasurementmethodsadoptedaredisclosedintheindividualpolicystatements associatedwitheachitem.

Derecognition

The financial assets are de-recognized when the Company loses control of the contractual rights that comprise the financial assets. The financial liabilities are de-recognized when they are extinguished i.e. when the obligation specified in the contract is discharged, cancelled or expired.

iii) Trade and other payables

Liability for trade and other amounts payable are carried at cost which is the fair value of consideration to be paid in future for goods and services.

iv) Trade debts, advances & deposits

These are intially recorded at cost which is fair value and any impairment would be charged on the basis of ECL.

v) Off setting

Financial assets and liabilities are off-set and the net amount reported in the statement of financial position when there is a legally enforceable right to set-off the recognized amounts and there is an intention to settle on a net basis, or realize the asset and settle the liability simultaneously.

2.19 Cash and cash equivalents

Cash and cash equivalents comprise running finances, cash balances and items of short term borrowings with maturities of three months or less from the acquisition date that are subject to an insignificant risk of changes in their fair value, and are used by the Company in the management of its short-term commitments.

2.20 Related parties transactions

Transactions with related parties are carried out at arm's length and priced at comparable uncontrolled market price.

2.21 Impairment

The carrying amounts of the assets are reviewed at each statement of financial position date to determine whether there is any indication of impairment of any asset or group of assets. If any such indication exists, the recoverable amount of that asset or group of assets is estimated and impairment losses are recognized in the profit or loss account.

2.22 Presentation

The financial statements are presented in Pak Rupee, which is the Company's functional and presentation currency. Figures are rounded off to the nearest rupee. The corresponding figures are rearranged wherever necessary to facilitate comparison. Appropriate disclosure is given in relevant note in case of material rearrangements.

37. FINANCIALINSTRUMENTS

The objective of the Company's overall financial risk management is to minimize earnings volatility and provide maximum return to shareholders. The Board of Directors of the Company has overall responsibility for the establishment and oversight of the Company's risk management framework and policies.

The Company's activities expose it to a variety of risks:

-Credit risk
- Liquidity risk
-Market risk

Risk Management Framework

The Board of Directors has overall responsibility for the establishment and oversight of Company's risk management framework. The Board is also responsible for developing and monitoring the company's risk management policies.

37.1 Credit risk

Credit risk represents the accounting loss that would be recognized at the reporting date if counterparties fail completely to perform as contracted and arises principally from trade receivables. Out of the total financial assets of Rs. 1,126,870,615 /- (2018: Rs. 1,494,521,805/-), the financial assets which are subject to credit risk amounted to Rs. 1,125,996,752/-(2018:Rs.1,493,574,833/-).

To manage exposure to credit risk in respect of trade receivables management performs credit reviews taking into account the customer's financial position, past experience and other factors. Where considered necessary, advance payments are obtained from certain parties. The management has set a maximum credit period of 30 days in respect of sales to certain institutions to reduce the credit risk.

37.1.1 Concentration of credit risk

Concentration of credit risk arises when a number of counterparties are engaged in similar business activities or have similar economic features that would cause their abilities to meet contractual obligation to be similarly effected by the changes in economic, political or other conditions. The Company believes that it is not exposed to major concentration of credit risk.

Some of the major customer accounts for Rs.825,832,197/- of the trade receivables carrying amount at 30 September 2019 (2018:Rs.794,985,662/-) that have a good track record with the Company.

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk at the reporting date is:

37.4 Fair value of financial instruments

The carrying values of the financial assets and financial liabilities approximate their fair values. Fair value is theamountforwhichanassetcouldbeexchanged,oraliabilitysettled,betweenknowledgeable,willing parties in an arm's length transaction. The company measures fair values using the following fair value hierarchy that reflects the significance of the inputs used in making the measurements:

- Level 1: Quoted market price (unadjusted) in an active market for an identical instrument.
- Level 2: Inputs other than quoted prices included within Level 1 that are observable for the assetorliability,eitherdirectly(i.e.,asprices)orindirectly(i.e.,derivedfromprices).
- Level 3: Inputs for the asset or liability that are not based on observable market data (unobservableinputs).

As at 30 September 2019 the net fair value of all financial instruments has been based on the valuationmethodologyoutlinedbelow:

Longtermdeposits

Long term deposits do not carry any rate of return. The fair value of these has been taken at book value as it is not considered materially different and readily exchangeable.

Noncurrentliabilities

Forallnon-currentliabilitiesthefairvalueshavebeentakenatbookvaluesasthesearenotconsidered materially different based on the current market rates of return and re-pricing profiles of similar non-current liabilities.

Other financial instruments

The fair values of all other financial instruments are considered to approximate their book values as they are shortterminnature.

39. CAPITAL RISK MANAGEMENT

The company's objectives for managing capital are:

i) to safeguard the entity's ability to continue as a going concern; and

ii) to provide an adequate return to shareholders by pricing products commensurately with the level of risk.

The Board's policy is to maintain an efficient capital base so as to maintain investor, creditor and market confidence and to sustain the future development of the business.

The company sets the amount of capital in proportion to risk. The company manages the capital structure and makes adjustments to it in the light of changes in economic conditions and the risk characteristics of the underlying assets. In order to maintain or adjust the capital structure, the company may issue new shares, or sell assets to reduce debts.

Consistently with others in the industry, the company monitors capital on the basis of the net debt-to-equity ratio. This ratio is calculated as net debt divided by equity. Net debt is calculated as total debt (as shown in the statement of financial position) less cash and cash equivalents. Equity comprises of share capital, reserves and retained earnings.

During 2019, the company's strategy, which was unchanged from 2018, was to maintain the net debt-to-equity ratio in the range 1.50 to 3.50 times, in order to secure access to finance at a reasonable cost.

	2019 Rupees	2018 Rupees
The net debt-to-equity ratio as at 30 September 2019 and at 30 September 2018 are as follows:		
Total debts	4,608,266,600	5,980,305,088
Less: cash and cash equivalents	(165,552,621)	(172,896,061)
Net debt	4,442,713,979	5,807,409,027
Total equity	2,223,823,933	1,885,557,505
Net debt-to-equity (Times)	2.00	3.08

The decrease in debt-to-equity ratio during 2019 resulted from proportionate decrease in dependance on borrowings with respect to increase in equity.
